Allowable Subject Matter

1. Claims 2, 3, 5, 7-11, 13-16, renumbered 1-12, are allowed.

1. The following is an examiner's statement of reasons for allowance: the prior art does not teach or fairly suggest a method implemented in a switch having a plurality of ports, comprising: executing a plurality of instructions for polling a set of operational ports to determine whether they have frames to be routed, wherein the ports are polled in a repeated sequential fashion; examining the plurality of ports to identify one of the operational ports which becomes non-operational; modifying a set of instructions corresponding to the identified non-operational port, so that it is not polled; **by replacing a first instruction in the set of instructions corresponding to the identified non-operational port with a branch instruction, comprising writing a data value comprising a binary representation of the branch instruction to the memory address in which the first instruction is stored;** and continuing to execute the plurality of instructions as recited in independent claims 2, 8, 14 and 15

2. Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
